The complete abstract must fit on one page A4 format and should be submitted in a pdf or docx format file of size < 3 Mb (smaller is generally better). Main text should be 12 point Times New Roman font or larger. Figures, if not too heavy are encouraged. References should be numbered [1] [2] etc in the abstract text. We suggest the reference number be boldface. Please justify and the main text (both sides flat). Margins should be 2 cm or more on all sides. We strongly suggest that a simpler/cleaner appearance is better than trying to cram everything in. If you include plots or figures, please make sure the text, if any, is easily readable... etc.

Abstracts should be submitted by e-mail to ixs2024@spring8.or.jp .

When you submit the abstract by e-mail please indicate the abstract is for an invited talk (normal, plenary or instrument=short talk+poster) using the subject line (or in the text): e.g.:

Subject: Invited Abstract for talk by LASTNAME

or a contributed abstract that should be considered for a poster or an oral presentation

Subject: Contributed Abstract for presentation by LASTNAME

For contributed abstracts, please indicate if you prefer a poster or an oral presentation in your mail! (e.g. "Please consider this abstract for an oral presentation, if possible." or "Please consider this abstract for a poster presentation only." or "Please consider this abstract for an oral presentation only"). There are only a limited number of slots for oral presentations.

References should be in 8 or 10 point type at the bottom of the page. When possible, include an explicit URL link to the original paper for copying and pasting (please no invisible imbedded links). If keeping all references in one paragraph, we suggest boldface for reference numbers. It is also OK to put references line by line. Examples: [1] Ishikawa, Baron, J. Phys. Soc.
