

IXS2024 Sponsorship Opportunities

The 13th International Conference on Inelastic X-ray Scattering, IXS2024, will be held in Himeji, Japan from 8 to 13 September, 2024. The meeting will be at the new Arcrea conference center near the heart of the city. This conference will continue the IXS series of meetings, now held biennially and most recently hosted by Diamond Light Source in Oxford in 2022. It will bring together scientists from all over the world interested in the use and development of inelastic x-ray scattering as is now practiced to address a broad range of scientific problems.

IXS2024 is your opportunity to share your products and services with an international scientific community responsible for some of the most sophisticated and challenging experiments at large-scale light-sources.

The meeting will be held on the 4th floor of the Arcrea convention center, in rooms, 407 408 and 409: rooms 408 and 409 will be combined for talks, while room 407 will be used for sponsor exhibits and posters. The main conference sessions and, the maximum time for sponsor displays, will be from Monday morning and early afternoon on Friday.

There are several possible sponsor packages as described below. Please contact us (ixs2024@spring8.or.jp) if your company may be interested in becoming a sponsor.

~7 available
